SUMMARY

Self-taught Frontend Developer with one year of professional experience building web apps. I work mainly with React and other modern frontend tools, creating responsive, user-friendly interfaces. I am adaptable, a strong problem-solver, and able to learn new technologies on my own. I am open to exploring new areas beyond frontend (backend, mobile etc.).

TECHNICAL SKILLS

- React (TypeScript)
- NextJS
- HTML / CSS / JavaScript
- TailwindCSS
- NodeJS (Express)
- MongoDB
- Git / Github / Gitlab

EDUCATION

- **ACADEMY OF MUSIC**
Master's Degree in Guitar
Performance and Education
